

INTEGRATED MANAGEMENT POLICY

To fulfill its Mission, BELOV undertakes the following commitments:

1. Belov is committed to meeting the applicable legislation and requirements, prioritizing quality, health, occupational safety and process safety, in a healthy work environment that values the development of individual and collective professional skills.
2. It is committed to maintaining open communication channels for consultation and participation of interested parties, in addition to protect the environment and prevent pollution.
3. It is responsible for the continuous improvement of its integrated management system through actions to monitor and control its processes, aiming to eliminate dangers or reduce risks in its activities with a focus on client satisfaction.
